Transport

24hr Protection

REVOLUTIONARY TECHNOLOGY TO HELP BREAK THE CHAIN OF SURFACE RECONTAMINATION

Immediate Disinfection

Standard Disinfectant RADIX GUARD 125

Standard disinfectants and RADIX GUARD 125 Spray immediately kill pathogens at point of use.

12 Hours Later

Standard Disinfectant RADIX GUARD 125

With standard disinfectants, as soon as pathogens come into contact with surface, they can immediately contaminate and re-colonize it until the next time the surface is disinfected.

24 Hours Later

Standard Disinfectant RADIX GUARD 125

RADIX GUARD 125 spray leaves behind a shield that prevents key epidemiologically relevant pathogens from recontaminating and recolonizing the surface for up to 24 hours or 96 touches.
